FAMILY IS VERY IMPORTANT. We beleive that a family atmosphere builds love, respect, and an environment that is supportive and encoranging, so that our children feel valued and can become the best they can be.

Creating a SAFE, LOVING, CARING, AND RESPECTFUL ENVIRONMENT is a top priority in our home. We strive to help our children see their potential and achieve new heights to become an even more loving & caring person.

EDUCAION IS VERY IMPORTANT. We have high expectations and firmy believe that a quality education is the key to a successful future. Our children are blessed to be receiving education support and encouragement for success.

WE HAVE BEEN BLESSED to be operating for 15 years because of the kind and generous support we received from so many wonderful people. This longevity has built a strong family environment and a foundation for success.

OUR CHILDREN LOVE CELEBRATIONS AND SPECIAL EVENTS. It is fun and good for the soul.

WE BROUGHT BACK OUR GRADUATES as examples of success. They are remarkable and excellent role models.

WE ARE SO BLESSED with support for our children including our LIFE COACH, JUAN DIAZ, COOKS, JOHN and BECKY DUFFEY, and our GRANDAUGHTER PAYTON.
